BUS 201

CAMPUS VAULT UAE

The Circular Student Logistics & Dorm-Hardware Ecosystem

Mission: eliminate student relocation friction and dead-rent costs through doorstep summer micro-storage and certified 9-month circular dorm-hardware leasing dead-rent costs across UAE

TARGET HUBS:
STUDENT RESIDENCES

BUSINESS MODEL:
Valet storage+Hardware leasing

FRAMEWORK:
SDLC Project modules

Presented by Adib, Amani, Shrey, Yashwanth

Problem

Summer Dead-Rent Trap: 12,000 AED Summer Waste: Students pay full summer studio rent in Barsha Heights or Silicon Oasis purely to store personal belongings over 90-day breaks

9,000–15,000 AED
dead rent per student

Appliance Destruction Cycle:
2,500 AED Capital Loss: Freshmen buy new mini-fridges and study monitors, then sell them for pennies or dump them in dorm compactors upon graduating.

80%
asset loss in forced liquidation

Self-Storage Friction: Corporate Lock-ins: Traditional storage units demand 1-year commercial leases and self-arranged transport, unsuited for international students.

2,000-2,500 AED
freshman hardware spend

42,000+
Expat Students in Dubai

78%
Leave Belongings or Pay Dead Rent

0
Dedicated Student Valet Storage Providers

The Solution

Transforming Move-Out Waste into 12-Month Recurring Cash Flow

Summer Valet Micro-Storage May–September

Doorstep box delivery, tamper-evident QR seals, collection, climate-controlled storage in Al Quoz, and scheduled September room redelivery.

Dorm-as-a-Service Leasing September–May

Nine-month subscriptions for certified mini-fridges, 4K monitors, and chairs, with a 24-hour breakdown replacement guarantee.

WEBSITE DEMONSTRATION

- **Hero HUD:** kinetic HTML5 Canvas with anti-gravity particle physics.
- **Dualmode switcher:** toggle between summer storage and nine-month dorm leasing.
- **Campus Grant Engine:** validate .ac.ae university domains and apply a 15% UOWD/Middlesex discount.
- **Core transaction engine:** box sliders, calendar selection, and dynamic receipt generation.
- **Digital Vault Pass:** generate encrypted reference IDs, barcodes, and custody timestamps.
- **Governance Drawer:** enforce the 24-hour fridge-defrost rule and 90-day unclaimed property clauses.

Analysis

- Target Demographic: 38,500+ enrolled university students in Dubai Knowledge Park and Academic City (KHDA, 2026)
- Expatriate Ratio: Over 85% international and non-local student population (TECOM Group, 2026)
- Competitive Advantage: CampusVault bridges the gap between generic corporate storage (high cost, self-transport) and P2P secondary markets (flaky buyers, low trust)

Unit economics point to a clear break-even target

360 AED

contribution margin

A 450 AED summer bundle has 90 AED in variable costs and 360 AED contribution margin.

72,000AED

fixed costs

Fixed summer operating costs total 72,000 AED.

200

students to break even

Break-even occurs at 200 students, equivalent to 90,000 AED in gross summer sales.

Summer bundle variable cost components

Packaging and QR seals:	**25 AED**
fuel and batched labor:	**45 AED**
custody insurance:	**20 AED**

Off-season recurring lease revenue

At 200 leased kits, 99 AED per month produces

19,800 AED

in monthly recurring revenue.

Five vectors validate the pilot’s feasibility

40
orders per two-hour window

25kg
maximum box weight

200
student break-even

Operations

Maximum 40 pickups per two-hour window, with early-booking credits for off-peak demand.

Technology

A zero-install web platform uses smartphone QR scans for custody tracking.

Ergonomics

Boxes are limited to 25kg, with rolling dollies supporting courier safety.

Legal and regulatory

The proposal addresses DET brokerage requirements and UAE PDPL Decree-Law No. 45/2021.

Financial

80% contribution margin and break-even at 200 students.

VaultLoop turns move-out waste into recurring value

1. Graduating students sell used appliances for 75–120 AED at dorm checkout.

2. The team stages, steam-sanitizes and PAT-certifies hardware in Al Quoz.

3. Refurbished appliance packs are installed in incoming students' rooms.

4. Nine-month leases generate 891 AED per kit per academic year.

14.2

metric tons of e-waste diverted annually

Business model canvas

- Key Partners: University Student Councils (UOWD, Middlesex, Heriot-Watt, BITS Pilani), Dorm Operators (The Myriad, KSK Homes), DET, Warehousing Partners in Al Quoz.
- Key Activities: Reverse-logistics scheduling, appliance steam sanitization, PAT electrical safety testing, digital vault pass generation.
- Value Proposition: Zero-friction summer valet storage + affordable 9-month dorm hardware leasing that achieves 100% e-waste landfill diversion.
- Customer Relationships: Automated WhatsApp updates, 24-hr hardware swap SLA, transparent flat pricing.
- Cost Structure: Warehouse sublease (72,000 AED/summer), vehicle rentals, packaging materials, insurance reserves, hosting infrastructure.
- Revenue Streams: Valet Summer Storage (450 AED avg/student) + Monthly Appliance Leasing Subscriptions (99 AED/month MRR from Oct to April).

Ask

- Pilot Deployment Approval: Authorization for the 200-student pilot rollout across Dubai Knowledge Park (DKP) in May 2027
- University Dorm Alliances: Official approval to formalize zero-waste partnerships with dorm management (The Myriad, KSK Homes) to insert CampusVault flyers into international student welcome packets
- Resource Allocation: Approval for the 72,000 AED fixed summer budget (Al Quoz staging bay sublease, van fleet reservations, and QR inventory)
